

G4 BULBS

These are a drop in replacement for standard G4 bulbs and they provide the advantages of a much longer life and reduced power consumption.

Key Advantages

- Consistent / stable light output
- Cool running
- Low energy consumption
- Long lifespan
- Vibration resistant
- Drop-in replacement

Technical Specifications

- Average lifetime: 30,000 hours
- Working temperature: < 60 °C
- No UV & IR emissions
- Colour: Warm White (2800 – 3300k), Cool White (5500 – 6000k)

**Unless otherwise stated*

Part Number	Colour	Voltage	Power	Replaces	Output	Dimensions
LED-G4008CW	Cool White	11 – 14V DC	1.1W	8 – 10W	35 Lm	
LED-G4008WW	Warm White				25 Lm	
LED-G49SCW	Cool White	11 – 25V DC	2W	20W	160 Lm	
LED-G49SWW	Warm White				150 Lm	
LED-G4011TCW	Cool White	11 – 14V DC	2W	12 – 15W	80 Lm	
LED-G4011TWW	Warm White				70 Lm	
LED-G418TCW	Cool White	11 – 25V DC	2.5W	25W	200 Lm	
LED-G418TWW	Warm White				190 Lm
