

## BAYONET AUTOMOTIVE BULBS

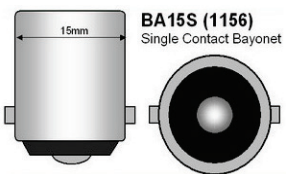

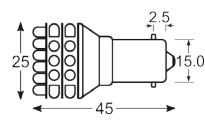

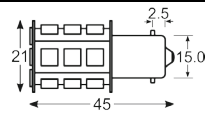

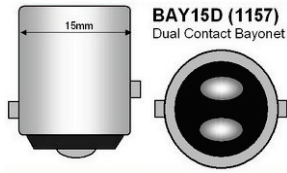

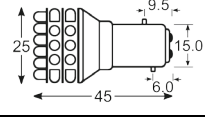

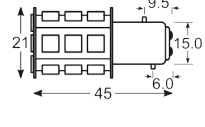

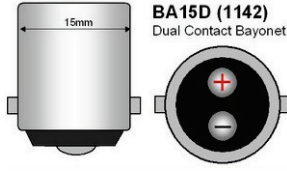

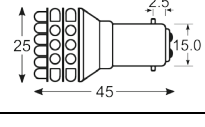

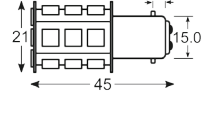

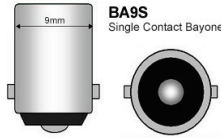

These bulbs are commonly used in Automotive vehicles, including marine and caravan situations. They are a drop in replacement for your current bulb and are constructed with super bright LEDs which are low power, shock proof and last for much longer.

### Key Advantages

- Cool running
- Low energy consumption
- Vibration resistant
- Drop-in replacement

### Technical Specifications

- Average lifetime: 40,000 hours
- Working temperature: < 60 °C
- Colour: Cool White (6000K)\*
- No UV & IR emissions

1156 Bulbs	Part Number	*Colour	Voltage	Power	Replaces	Dimensions
 <p><b>BA15S (1156)</b> Single Contact Bayonet</p> <p>15mm Diameter Single Contact/Single Filament Parallel Pins</p>	LED-115630*	Cool White Warm White Yellow Red	11–14V DC (also 24V Cool White)	2.4W	21W	
	LED-115618S3CW	Cool White	10–25V DC <b>Multi-Voltage</b>	3.0W	28-30W	
1157 Bulbs	Part Number	*Colour	Voltage	Power	Replaces	Dimensions
 <p><b>BAY15D (1157)</b> Dual Contact Bayonet</p> <p>15mm Diameter Dual Contact/Dual Filament Offset Pins (Vertically)</p>	LED-115730*	Cool White Red	11–14V DC (also 24V Cool White)	2.4W	21W	
	LED-115718S3CW	Cool White	10–25V DC <b>Multi-Voltage</b>	3.0W	28-30W	
1142 Bulbs	Part Number	*Colour	Voltage	Power	Replaces	Dimensions
 <p><b>BA15D (1142)</b> Dual Contact Bayonet</p> <p>15mm Diameter Dual Contact/Single Filament Parallel Pins</p>	LED-114230*	Cool White Warm White	11–14V DC (also 24V Warm White)	2.4W	21W	
	LED-114218S3CW	Cool White	10–25V DC <b>Multi-Voltage</b>	3.0W	28-30W	
BA9S Bulb	Part Number	*Colour	Voltage	Power	Replaces	Dimensions
 <p><b>BA9S</b> Single Contact Bayonet</p>	LED-BA9S65*	White Blue	11–14V DC	2.5W	20W
